A Glimpse into

iLearn@VIVERO

Pre-school

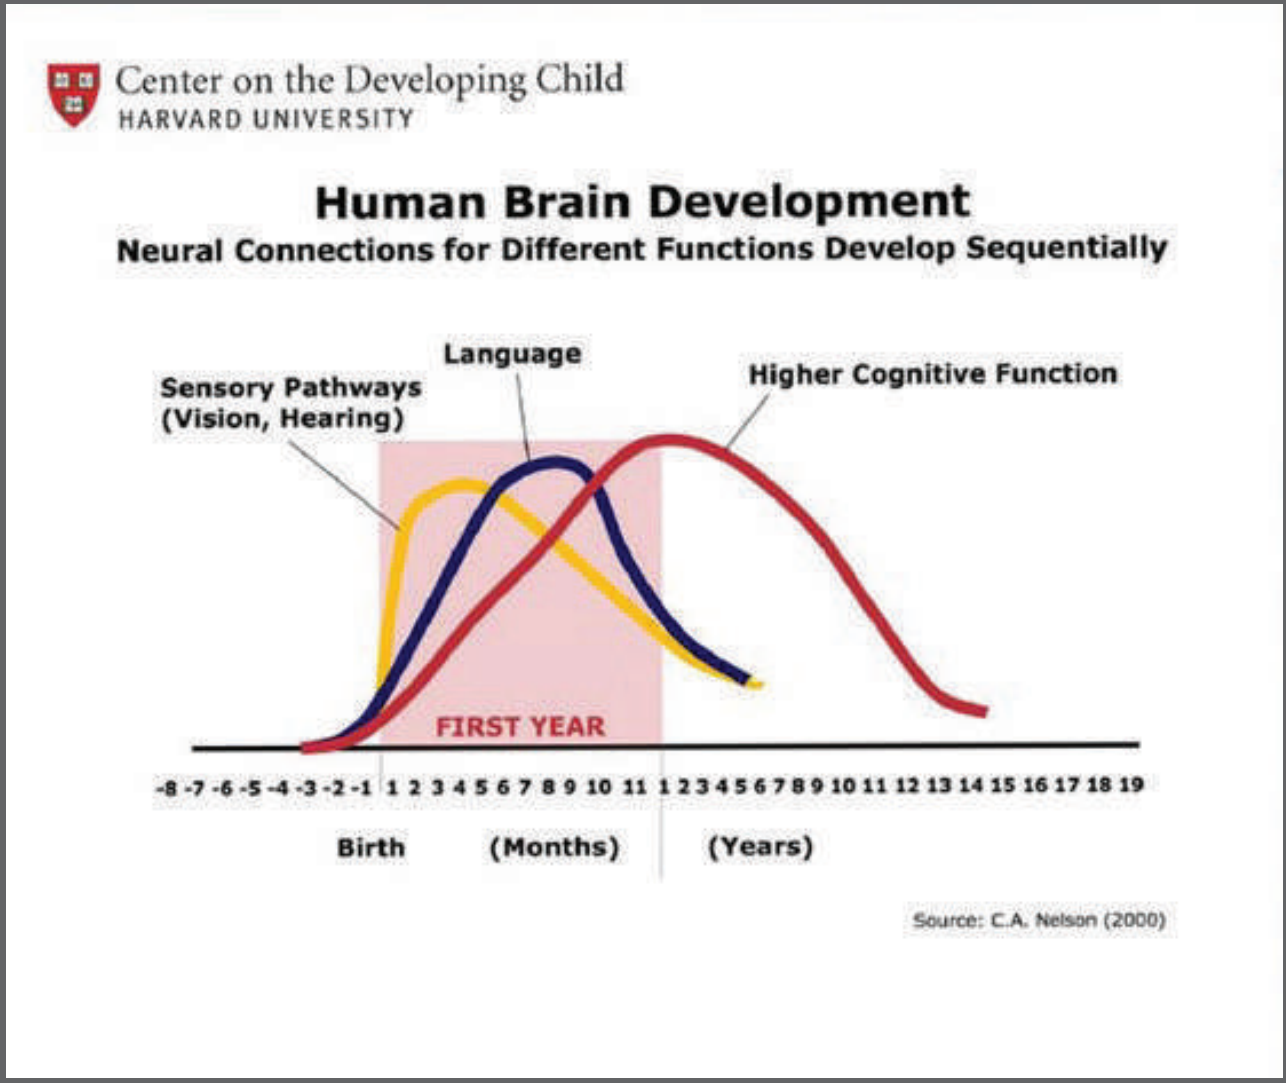
OUR PURPOSE

Vivero International Pre-school & Child Care is committed to shaping responsible, global citizens and passionate lifelong learners who are prepared for the 21st century

iLearn@VIVERO

A world class online early learning experience designed around our proven child-centric pedagogy and Reggio Emilia philosophy. Vivero International now brings to you a virtual learning platform that allows personalized attention to each child and caters to their individual learning styles. iLearn@Vivero is here, to provide an opportunity to make the most of those crucial early learning years

Early Years Development



SAFETY, SECURITY & HYGIENE

As we enter this new level of online schooling with iLearn@Vivero, we are fully aware that you will be entrusting your little ones into our care all over again. Please allow us to assure you that it is our constant resolve to ensure that we provide an online learning experience that is safe, secure and compliant to the early years learning guidelines. Extra attention will be given in terms of age-appropriateness, screen-time and general knowledge about the heightened levels of hygiene as per the context of current scenario.

- Effective Hand Washing
- Safety Guidelines
- Safe and Unsafe Touch

6 DOMAINS OF LEARNING

Vivero's core domains of learning include Literacy, Numeracy, Creative Development, Physical Development, Knowledge & Understanding of the World and Personal, Social and Emotional Development.

In the current context of our times, it is essential that we maintain a consistent practice of the child's basic Literacy and Numeracy skills. Which is why, our online program facilitates activities to aid the development of these crucial skills while ensuring the other domains are also covered.

- Numeracy
- Literacy
- Knowledge

POPULAR 21ST CENTURY INITIATIVES

Centred around the image of our 21st Century Learners, we continue to nurture our future leaders with clear emphasis on the necessary skills of the century. Our online sessions ensure that popular 21st Century initiatives like, Entrepreneurship Programme, Foreign language and Civic Engagement (to name a few) are actively interwoven into the play, exploration and adventure during each session online.

- Entrepreneurship Programme
- Foreign Language

CO-CURRICULAR ACTIVITIES TO ENSURE HOLISTIC DEVELOPMENT

iLearn@Vivero also brings a range of exciting co-curricular activities for children. Engaging sessions of Music, Dance & Culinary Engagements (among a few) are thoughtfully designed with age-appropriate benchmarks. Each co-curricular activity is created as a super-charged 30 mins programme and will be included as 3 sessions per week. Your child's development at Vivero continues its holistic journey even through our online set-up.

- Music
- Dance
- Culinary Engagements

VIVERO@Home

While our online learning programme, iLearn@Vivero is designed to include Vivero's pedagogical best practices for learning & development in the early years, we also bring to you, Vivero@Home. This is another critical component of our programme to support and enhance the home-learning experience.

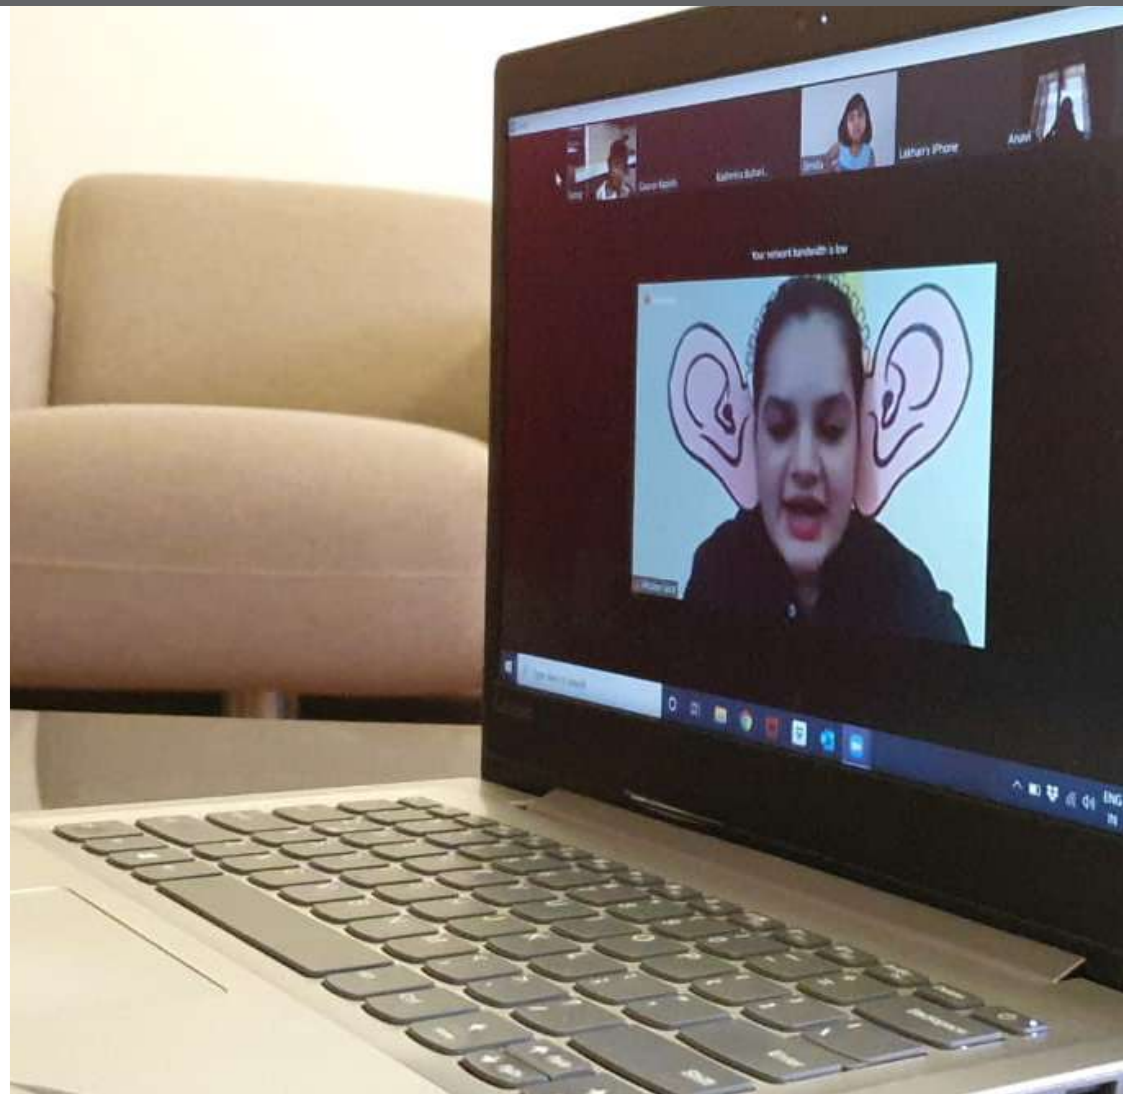
NO GEOGRAPHICAL BOUNDARIES

The online landscape of iLearn@Vivero has expanded and merged geographical boundaries. Domain experts, formerly dedicated to particular regions will now be available for all children pan India; bringing the best-of-minds and talents into your homes. An advantage like never-before, brought to you by Vivero to further enhance your child's learning experience.

- Teachers as Facilitators



VIRTUAL HOME VISITS

Prior to the start of our online sessions, teachers conduct a virtual home visit for the purpose of striking a personal connection with the child and parents.

This is a mandatory feature for every new child joining the program as this enables the teacher to determine where the child is in the learning journey. It is an opportunity for the teacher to gauge the child's unique strengths and get to know the child better. Overall, a clear understanding of goals & expectations is reached on both sides. It further proves to be a soothing transition experience for the child when he/she sees the familiar teacher on screen.

know more

PEER-TO-PEER INTERACTION IN SMALLER GROUPS

Effective learning during the early years is greatly affected by a child's socio-emotional interactions. At iLearn@Vivero, the focus is to provide children with a continued sense of peer relationship albeit online. The virtual classrooms also provide a welcome opportunity for smaller groups per session. With visibly lower teacher-child ratio, this is a wonderful medium for all, as teachers are able to work around every child's unique strengths and cater to their individual learning styles in the best possible way.

PARENTS AS PARTNERS IN THE LEARNING JOURNEY

iLearn@Vivero - The next level of early year's education by Vivero International is inspired by our partnership with the parent community. Through the virtual medium, we promise to continue to equip our parents with the knowledge of early learning goals and how to achieve them in partnership. Our teachers continue playing the roles of mentors, leaders and facilitators.

Our focus is to indoctrinate helpful techniques, proven guidelines & age-appropriate learning aids through customised resources and webinars for effective parenting.

PERIODIC ASSESSMENTS AND WEEKLY UPDATES

As we invite all parents to partner with us in our children's early learning journey in an online setting; we are also aware of our responsibility to provide you with regular updates of our joint initiative. iLearn@Vivero will include fortnightly updates, featuring a one-on-one session for the parent with the teacher to discuss the child's learning progress.

PARENTS TESTIMONIALS

"Thanks for arranging these online sessions. They are good and keep the kids engaged in a meaningful way. I would request you to increase the frequency and have it on a regular basis so that it becomes a part of their routine. You may consider giving them a few activities to complete before the next session so they know they have to work on it during the day. We have noticed that if the activities come from you, they attempt to completing them. Thank you."

Anu Priya, Mother of Ayaansh

"The online session proved to be extremely good for Ethu. He was excited to show his peers the activities he had been doing in the lockdown days and this session gave him the opportunity to reconnect with his teachers and classmates.It was indeed an interactive session for both Ethu and us. Thank you for all the efforts you've put in to ensure he is meaningfully engaged and continues his learning even at home."

Sandra, Mother of Ethan

"These are unprecedented times for all of us and we are all getting hold of the new norm. I cannot stress more about how much the session today has energised Shayna. She was excited since the past few days about getting to see her teachers and friends. It was a great opportunity for her to have her own 'Video Conference' just like her parents have regularly, these days. In addition, the regular material that is being sent out are of great help too. In all, I would really like to thank all of you for making this session happen. It is helping the kids reconnect to their school mates and teachers, and I would be glad to see them get together 'virtually' in many more sessions until school reopens."

Prajot Pandit, Mother of Shayna Pandit

"Thank you so much for the session. Vihaan really enjoyed the time with his teachers and friends. We really appreciate this initiative by the School to keep kids engaged with activities, worksheets and fun that make these live sessions effective."

Swati, Mother of Vihaan Lahane
