## QUALITY CHILD-CARE SERVICES

### International child care centre now at Magarpatta

**Going beyond day care, to provide care that is as good as home.**

As a growing number of parents join the workforce, quality child care services is the need of the hour. International pre-school brand, Vivero is now bridging this gap. Along with its international joint venture partner, Asia's finest education group, EtonHouse International, Vivero has just launched its new child care centre - Vivero International Child Care at Magarpatta, Pune.

The state of the art, aesthetically designed, exclusive child care centre,

provides quality, international child care service to children aged between 6 months to 12 years. Child friendly equipments, safety grills and fire drills are a regular feature at the centre, which is under the constant surveillance of security personnel. A registered nurse on board, a dedicated sick bay and well trained, child care supervisors ensure that children have joyful learning experiences in a safe and secure environment.

Inspired by the Reggio Emilia approach of Northern Italy, the centre's activity areas are designed to help children drive their own learning. Ample outdoor space makes outdoor learning an integral part of the children's day-to-day activities, and provides opportunity to engage with the natural environment.

"At Vivero Child Care Centre, children come first. Everything we do here revolves around them, and evolves through them. The presence and work of children permeates the place. This is their place - a place that bears the stamp of their individual personalities and experiences," says Rakhi Singh, Head Operations, Vivero, Pune.
