Event Report

Independence Day

The Indian Independence Day was celebrated with great enthusiasm and respect at our Schools in Bangalore. They were decorated in tri-color balloons - saffron, white and green.

To commemorate the sovereignty of our Nation, the Kindergarten 1 and 2 children along with staff unfurled the tri-color and in unison sang the anthem. Our Kindergarten 2 children took us down the memory lane when they each spoke about freedom fighters like, Nehru, and Subhash Chandra Bose, Bhagat Singh and Rani Lakshmi Bai who played an important role in the Indian independence struggle

The Chairman's Note

Dear Parents,

As we stride ahead on an enriching journey of the 3rd Unit of Inquiry, I am thrilled to present to you the latest edition of our corporate newsletter - Vivero Times!

This edition is particularly close to our hearts as it delves into a topic that resonates deeply with our mission and philosophy at school - Sustainable Education and Power of Community Collaboration.

In the rapidly evolving landscape of education, it is imperative that we equip our little ones with the tools not just to survive but to thrive in the 21st century. This edition aims to explore how we, as a community, can plan an instrumental role in shaping a sustainable educational environment for our children.

One of the highlights of this newsletter is the celebration of our incredible alumni and their achievements. It is heartening to witness the impact of Vivero Pre-School education on these young minds. Their stories serve as inspiration for our current students, showcasing the limitless possibilities of what a foundation in sustainable education can unlock.

The many articles and photographs within these pages celebrate the collaborative spirit that exists within our school community. From informative teacher training modules and awards and felicitations to exciting celebrations and festivities at school. It has it all.

This newsletter seeks to highlight the collective efforts that make Vivero International a nurturing and forward-thinking space for our children. I encourage you to take a moment to peruse the articles, absorb the insights, and perhaps even find inspiration for how you can contribute to our shared mission of sustainable education.

Warm regards,
Dr. Arun Arora, Chairman

Mentor Corner

POCSO Training

Ensuring the safety and well-being of our students is paramount, and the POCSO (Protection of Children from Sexual Offences) training for all Vivero staff plays a pivotal role in equipping the educationists with the knowledge and tools needed to create a secure and sustainable learning environment. The special training module was held on Saturday, 16th September by the certified trainer Mr. Harish Bhuwan.

The POCSO training is indispensable for our school community. It ensures our teachers are well versed in legal requirements and guidelines concerning child protection and empowers them to address concerns proactively. The POCSO training encourages teachers to foster an atmosphere where children feel comfortable expressing themselves. By conducting the POCSO training, the school demonstrates its commitment in maintaining the highest standards of child protection, and fostering trust between the school and the parent. Vivero stands steadfast in its commitment to create a safe and secure learning environment for all communities at school.

Mid-Year Refresher Training for Teachers - Bangalore

Mid-year refresher training for teachers is a valuable opportunity to help educators review, reflect, and enhance their teaching skills and practices. Continuous professional development is crucial for teachers to stay informed about the latest research, educational trends, and best practices in early childhood education. Ongoing training helps teachers refine their skills and stay motivated in their roles. At Vivero, our training workshops are designed to offer support and professional development to teachers throughout the academic year. We consistently reflect and review areas of improvement within our curriculum framework and teaching practices. Our well curated training modules consisted of classroom management; handling transitions; learning aids & resources; the art of story reading, code of conduct and provocations.

We believe peer collaboration is key in building team spirit & creating positive relationships. Sharing experiences, strategies, and techniques fosters a culture of mutual respect and appreciation for each other. Incorporating hands-on engagements, classroom scenarios and case studies enabled our teachers to think and apply their knowledge to problem solve during their regular working at school. In summary, teacher training is essential for creating a positive and effective learning environment that supports the holistic development of young children. Our aim is to boost teacher morale, which ultimately improves student outcomes thereby reiterating the school's commitment to continuous professional development and growth.

Mid-Year Refresher Training for Teachers - Pune

The Vivero, Pune teachers had a refresher training on provocation and classroom management. As we moved to our third unit of enquiry teachers had to encourage “rigour” with children exhibiting readiness. The right kind of provocations make it easier for children to understand concepts in math and language. Teachers were given a fun provocation as the outcome was designing a Christmas party outfit. They used paper to create the outfit and accessorised it using Christmas colours. They clearly understood the impact of the provocation as the outcome was to their liking!

Teachers constantly look for strategies in classroom management. We discussed various situations in classrooms to understand the psyche of children and find solutions for the same. It was very fruitful as all the teachers actively participated to gain insight into various classroom management strategies.

We also discussed the importance of having a writing table in the classroom to give children an opportunity to explore various writing tools. Teachers brainstormed various things like stencils, small writing pads, “story” books, letter cards and word cards that could be added to a writing table. Pre Nursery and Nursery could include playdough and zip lock bags with paint along with stamp pads and stamps to their table. The teachers are excited to carry forward their learning into their classrooms and soon the writing tables will be part of every classroom.

Collaboration and Teamwork on Display

Christmas Themed Provocation

POSH Training

The mandatory POSH (Prevention of Sexual Harassment) training for all employees at Vivero, was held on Saturday, 16th September and was led by certified trainer Mr. Harish Bhuvan. The training session played a significant role in fostering a safe, respectful, and inclusive environment for all staff members of the Vivero community.

The POSH training, was aimed to raise awareness, build understanding, and provide proactive tools to prevent and address issues related to sexual harassment. The training provided guidance on establishing and improving reporting channels, ensuring that concerns would be addressed swiftly and confidentially. The POSH training ensured that all participants were well informed about the legal obligations, and responsibilities, contributing to a safer and legally sound work environment, building a culture of respect, where everyone feels valued and protected. Vivero stands committed to provide a safe, secure and respectful work environment for every member of the school community.

The Inside Scoop

Curso de Etiqueta

The latest co-curricular activity at School, The Curso de etiqueta was unveiled at Vivero Powai. As we all know Dining Etiquette is an equally important skill amongst other skills that are integral to developing a holistic personality. At Vivero the goal of teaching dining & table manners along with social etiquette is achieved through various ongoing sessions conducted with the children in a phased manner within a fine dining ambience. The children in their weekly sessions are introduced to various elements of the newly designed space. Teachers ensure revisiting of topics as children are able to absorb information at their own pace.

- Table laying
- Placement and use of appropriate cutlery & crockery
- Self-Conduct
- Use of appropriate table/dining vocabulary (Please, May I, that would be fine)
- Serving portions
- Considerate Communication
- Tips to be a great host/guest at the table

In addition to academic excellence, we believe in nurturing essential life skills that will empower children to be more confident and well-rounded, extraordinary children of the 21st century. Teaching children dining etiquette is essential because it equips them with social skills, respect for others, cultural awareness, self-discipline, and good table manners. These skills lay a strong foundation for their personal and professional lives, enabling them to navigate various social situations with confidence and grace.

Event Report

Independence Day

Flight to Freedom

The Indian Independence Day was celebrated with great enthusiasm and respect at our School. The school was decorated in tri-color balloons - saffron, white and green.

To commemorate the sovereignty of our Nation, the Kindergarten 1 and 2 children along with staff unfurled the tri-color and in unison sang the anthem. Our Kindergarten 2 children took us down the memory lane when they each spoke about freedom fighters like, Nehru, and Subhash Chandra Bose, Bhagat Singh and Rani Lakshmi Bai who played an important role in the Indian independence struggle. The teacher spoke of the importance of being united and working as a team and also about being responsible citizens of the country.

Pre Nursery and Nursery children made crafts related to the 'Tiranga' and danced on patriotic songs which awakened everyone's feelings towards the Mother Land.

The program culminated with children shouting out 'jai hind'. Indeed, it was a day of joy, a day to love and respect our country and make it a better place for all to live and experience the freedom, peace and celebrate unity in diversity.

Alumnus du Vivero

We celebrated our very first Preschool Alumni meet at Vivero Powai. It was truly an honour and privilege to host and witness this unforgettable event. It was a momentous occasion that rekindled the emotional connect we share with our alumnus. It was so heart-warming to see our Alumni children grow up into such smart, confident and independent individuals. Though many of the alumni children have moved to various cities and countries, their return specially for the occasion filled the school with the same sunshine smiles and happiness. The alumni meet was not just a trip down memory lane; it was a celebration of the emotional connect with the school, the place where their educational journey began. The children and parents were given a very warm welcome and the K1 class dance performance put up specially for our alumni children was immensely appreciated. The memory test of children and parents alike was done through the Vivero quiz planned for them. Our hearts were filled with joy and emotion as some parents and children spoke about their exciting and wonderful experiences at Vivero. Our heartfelt gratitude to all the children and parents for making it to the event amid their busy schedules. Their presence brightened the evening and made us feel so very special.

It was truly a delight to see that no matter where life takes us, we always carry a piece of Vivero in our hearts!

Ganesh Chaturthi

Festivals inform, educate, break the monotony of routine and give us a chance to re-energize our body, mind, and spirit. Lord Ganesha, the symbol of wisdom bestows his presence on Earth during this festival and removes obstacles. With such belief, we organised various activities on the auspicious occasion of Ganesh Chaturthi.

The celebrations began with shloka chanting by a Kindergarten 2 child and a phenomenal dance performance by the little ones. The graceful expressions given by the tiny tots on instrumental music was breath taking. There was play, dance, fun and creativity all together.

The celebration ended with teacher narrating Lord Ganesha's story with great zeal and enthusiasm.

Happy Ganesh Chaturthi

Japanese Parent Incursion - Kon'nichiwa!

As an integral part of our learning, we invite parents to share their cultures and experiences with our children. Our current unit is all about Celebrations from around the world and the children are learning about Japan. We had invited Mrs Makioka, Kosei's mom who came to our class for an incursion to share valuable insights of the Japanese culture, celebrations and cuisine. She engaged our children in a step-by-step sushi making activity, introducing them to the art of Japanese cuisine and the ingredients that are used. She also introduced the children to basic Japanese greetings, adding a cultural touch to our learning. She spoke about the special helmets worn by samurai warriors, sparking the children's curiosity about history. She even demonstrated how to craft paper kambuto' helmets. To make the day even more special, she created beautiful name tags for the children, featuring their names in Japanese characters. The children actively participated in all the activities, and their enthusiasm was very visible. It was a memorable and educational experience that added a unique cultural dimension to our classroom.

My Name in Japanese

Entrepreneurship Initiative

Our entrepreneurship initiative at Vivero aims at developing a sense empathy and helping others to create a better world for everyone. It also helped to instill a sense of social responsibility and develop global awareness among children and their families. The event exemplifies holistic approach to education and goes beyond traditional classroom learning and emphasizes the importance of practical experiences and community engagement in a child's development to make them proactive 21st Century citizens.

The "Art Gallery" at the International Food and Cultural Festival held at VIVERO was highly captivating. It not only provided a platform for children to showcase their creative talents but also incorporated a humanitarian element by channelling the proceeds toward a noble cause-the Shishu Mandir Orphanage. Our budding Picassos of Vivero created art inspired by the renowned artist. While on the learning journey to inquire into the central idea on 'celebrations reflects our culture and traditions', our K1 explorers created beautiful cherry blossom trees from Japan. Teaching children about sustainability is crucial for fostering an understanding of environmental responsibility and promoting a more sustainable future. By integrating these approaches, our facilitators encourage children to make sustainable choices in their daily lives. It was wonderful to see our K2 learners creating various artefacts using open ended and recycled materials. All these were displayed and put up for sale for their parents and guests at the Fest. At Vivero, these opportunities are aimed at developing competencies designed to train our young learners to think out of the box; contribute to economic development and sustainable communities in the future.

International Food and Cultural Fest

Creating a real-life cultural learning experience for young children is one of the best ways to explore multiculturalism. Integrating global learning experiences allows children to explore their world and understand their place in it. The International Cultural and Food Festival at Vivero was a vibrant and diverse celebration that showcased the rich tapestry of cultures within our school community. Held on 4th November 23, the festival brought together children, teachers, and parents to celebrate the global diversity that makes our school unique.

The festival featured a variety of cultural exhibitions, where each participating country stall showcased traditional clothing, artifacts, games and activities about

their customs and traditions. The event was filled with captivating performances by our children representing music and dance. At Vivero, we believe in creating an inclusive and tolerant educational environment. Embracing secular values ensures that students of diverse religious and cultural backgrounds feel respected and included. This event was a great platform to showcase their talents, fostering a sense of unity and appreciation for diversity within the school community.

One of the highlights of the festival was the international food stalls, offering a culinary journey around the world. Our parents, vendors and volunteers prepared authentic dishes from different countries, allowing attendees to savour a wide range of delicious international cuisines.

This not only delighted the taste buds but also provided an opportunity for everyone to experience the flavours of various cultures.

The success of the International Cultural and Food Festival was largely attributed to the active participation of the school community. Parents, teachers, and children collaborated to organize and execute various aspects of the event, fostering a sense of unity and community spirit. The festival provided an excellent opportunity for cross-cultural exchange and understanding, leaving a lasting impact on all who attended. This event also highlighted the importance of embracing and appreciating the global perspectives within our school community!

Asia's Best Employer Brand Awards

Vivero Pre-Schools and Child care was recently awarded at **Asia's Best Employer Brand Awards-2023**. This accolade is a testament to the unwavering dedication and brilliance of the entire team of the Vivero family.

At Vivero, we believe in creating lifelong learners for the 21st Century and this is only possible with a strong collaboration and partnership of all the stakeholders i.e. employees, parents, children and the society.

True to our name at Vivero-where life is nurtured, our employees too are nurtured and our employee friendly policies help in attracting and retaining the best talent around.

Our initiatives like Joy of Learning and many more with our parents enable parents to get a glimpse of our pedagogy and partner in the learning milestones of their child.

At Vivero, we believe in Child as the Centre of the Learning. Our framework is not intended to provide strict rules about what must be taught. Rather, the framework provides guidelines for a holistic preschool education according to the interests, needs and abilities of the children.

At Vivero, community service plays a vital role in sensitizing children right from their early years. We believe community service provides an opportunity for the privileged ones to empathize with the not so privileged children, understand the challenges and realities of life and treat them with respect and dignity. The initiatives are built around creating awareness and help our learners develop a high emotional quotient and responsibility towards the community around them. While we balance all our stakeholders.

The award encapsulates the essence of who we are and what we stand for - a family of educators, mentors, and inspirers, shaping the future.

As we continue to nurture the dreams of our young learners, and together continue to create magic as we stride ahead to make Vivero International a shining example of excellence in education.

Celebrating Excellence: Awarded Best Institution for Childcare and Development

We are thrilled to announce that Vivero International Preschool & Child Care has been recognized and honored with the prestigious award for "Best Institution for Childcare and Development". This accolade is a testament to our unwavering commitment to providing exceptional early childhood education and fostering the holistic development of each child under our care.

The award, presented by the World Education Congress, 2023, acknowledges our outstanding efforts and dedication in creating stimulating environments for young minds to nurture their innate curiosity and shape lifelong learners. The congress emphasizes the role of education in developing mental, social and physical skills that foster excellence, psychological wellbeing and socio-economic growth focusing on transforming educational pedagogy to bring about profound systemic changes.

Receiving the "Best Institution for Childcare and Development" award is a tremendous honor, and we express our heartfelt gratitude to the, our dedicated team of educators, supportive parents and, most importantly, the incredible children who bring joy and laughter to our preschool every day.

As we celebrate this achievement, we at Vivero remain committed to continuous improvement and innovation.

Thank you for being a part of our journey and trusting us with the privilege of shaping responsible, global citizens and passionate lifelong learners who are prepared for the 21st century.

Parent Chronicles

Vivero Parent Testimonials

We as Advika's Parent feel so glad that we made the right decision to choose the correct preschool for our daughter. Advika started her journey with Vivero online with ilearn@vivero during the COVID lockdown and then transited to the physical school at Vivero, Whitefield very smoothly. And from the very first day at physical school, she fell in love with the staff at Vivero because of the way they welcome children and nurturing the young minds. I can definitely say Communication between the school and parents is very strong and clear which is very important. We felt the environment was very safe and secure. Even Advika did not want to miss a single day to go to school. As rightly said, school is a second home for a child, I can say Vivero was home away from home. She has really improved a lot throughout the preschool journey at Vivero in a perfect blend of learnings in every aspect. Kudos to the team of Vivero for keeping such high quality standards of nurturing the young minds.

Now our daughter is in grade 1 in an International school and she is doing everything good in a balanced manner like reading, writing, listening skills, physical activities and knowledge about the world. Her preschool journey at Vivero has played a very important role in shaping her future.

I would like to express my heartfelt thanks and gratitude to the entire team of Vivero Whitefield, Bengaluru and keep up the quality standards for shaping the future young minds.

Thank you and Gratitude!!

Hemangini and Anup, Parents of Advika Dey

We were facing the challenge of finding the perfect childcare for our one-and-a-half-year-old child while both of us continued to work. After extensive research and trying out different options, we were thrilled to discover Vivero, which proved to be the ideal place for our child's day care needs.

The staff at Vivero are truly exceptional. Their professionalism and level of care are outstanding, and we are particularly grateful for their patience in handling children. The staff-to-student ratio at Vivero is excellent, providing us with peace of mind and assurance that our child is receiving the attention and care she needs.

Vivero goes above and beyond in organizing a wide range of activities and events. These initiatives not only engage the children but also create a sense of excitement for both parents and children alike. It's a great opportunity for our child to participate, learn, and develop.

Most importantly, our child is always eager and happy to start her day at Vivero. Seeing our child's enthusiasm and happiness is a testament to the quality of care and education she receives at the child care.

We want to extend our heartfelt thanks to Vivero for providing an exceptional environment for our child's growth and well-being. It's a reassuring feeling to know that our little one is in such capable and caring hands. Thank you, Vivero, for making a positive impact on our child's life!

Asma Farheen and Mohammed Rayyan, Parents of M Ayesha Zara

It is with great pleasure and gratitude that I write this for my daughter Vedika's playschool - Vivero, Wakad. As a parent, I have been truly amazed by the nurturing environment and exceptional care provided by the dedicated staff at Vivero.

From the very first day we walked through the doors of the playschool, we were welcomed with warm smiles and a genuine enthusiasm for early childhood education. It was evident that the teachers and staff had a profound passion for working with children and creating an engaging and stimulating learning environment. The school head and counsellor were very receptive to our long list of questions and patiently answered/clarified everything to our satisfaction. The school offers a perfect combination of pre-school followed by child-care/-day-care plans for working parents including flexi options like care on demand and the fees and charges part has been dealt with complete transparency. The centre is completely driven and operated by competent women in their respective roles. Parking is ample for the few minutes you need it during pickup and drop. The school premise feels very open with plenty of space to walk around & ample daylight. Overall we loved the vibe here and also given that they have multi city and multi locality presence (matters being IT parents), we decided to enrol. The school also lays emphasis on parent education and conducts orientation and guidance sessions. It is worth noting that the children come from diverse native regions so the foundations to set into a cosmopolitan world later is being built from an early stage. As a Marathi speaking family, we are seeing Vedika picking up Hindi from her new friends and English from teachers, hopefully also a foreign language that the school plans to teach taking advantage of the very language-receptive brain at this age.

Throughout Vedika's time at the playschool, we have witnessed her growth in both social and cognitive skills. The playschool's focuses on individual milestones rather than overwhelming toddlers with a fixed curriculum and the class/school environment is a thoughtfully designed setup to foster curiosity driven learning, holistic development, encouraging children to explore, experiment, and express themselves freely at their own pace as every child is different. From art and music to imaginative play and sensory activities, every aspect of the curriculum is tailored to captivate young minds and there is also physical education, fitness and good health awareness. Not only am I confident that Vedika will blossom academically, but also that she will develop beautiful friendships and a sense of belonging at the playschool. The inclusive atmosphere promotes kindness, empathy, and cooperation among the children, fostering a strong sense of community. It warms our hearts to see Vedika excitedly talk about her new friends and eagerly looks forward to going to school each day lately (well, mostly) - something which was unimaginable to us when we started and had our experience with separation anxiety.

I feel comfortable to keep my girl child here and also confident that she will be more than ready by the end of the 4th year here to qualify for admission in any good school for first standard. How I wish I could go back to my own childhood and start at Vivero!

Prasad Deshmukh, Parents of Vedika Deshmukh

My son has been attending Vivero School for the past 6months & earlier my daughter who has moved to advanced school now also been part of Vivero, Powai. I am very pleased with the quality of education and care he receives there. The teachers are friendly, patient, and professional. They create a stimulating and nurturing environment for the children to learn and grow. The curriculum is well-designed and covers various aspects of cognitive, social, emotional, and physical development. The school also offers a variety of activities and programs to enrich the children's experience, such as music, art, sports, and field trips. My child loves going to school every day and always comes home with a smile on his face. He has made many friends and learned a lot of new skills and knowledge. I am grateful to Vivero for providing such a wonderful opportunity for my child to thrive and flourish. I highly recommend this school to any parent who is looking for a high-quality preschool education for their child.

Thank you

Vishakha & Frank Schloeder, Parents of Harvey Schloeder

Alumni Achievement - Aryan Abhishek Ramesh

Seven months have passed since Aryan graduated from Vivero International Indiranagar, yet the memories and knowledge he acquired there continue to shape his experience at his new school, the National Centre for Excellence JBN. Within a short span of time at his new school, Aryan has gained recognition for his exceptional confidence. He secured the first prize in an inter-school competition where he had to craft a story and provide an alternative ending using puppets. Additionally, he triumphed in a fashion show competition, where he fashioned a dress from recycled materials, also claiming the first prize. Aryan has fearlessly participated in various other contests, including art and painting competitions and clay modelling competitions. This remarkable development in Aryan's creativity and self-assuredness can be wholly attributed to Vivero and its well-structured curriculum, which has empowered him to think creatively and innovatively

Aryan Abhishek Ramesh - K2

Alumni Achievement - Surbhi Hambarde

Surbhi Hambarde is a Vivero alumni and now a Euro School student.

She has been appreciated and liked by her teachers for her grounded nature. Individualistic thinking and manners, with managing any project in a systematic approach have been her qualities and as parents we think the preschool contributes a lot in grooming kids for these qualities.

At school she has been an elected Senate- As a Deputy Safety Marshal for the year 2022-23. She is also a canvas painter from the age of 7 and shares the same passion for sports like badminton and Basketball at her school. She has represented school at Zonal level.

Civic sense of thinking about the country like keeping the nation clean or even national level achievements, all these qualities are inculcated right from the preschool, she has been interested in these conversations since the age of 4.5 years and Vivero plays a very important role in this aspect

She still visits Vivero along with her sibling who is now in K1.

Pratibha, Parent of Surbhi Hambarde

Alumni Achievement - Samarth Hegde

Samarth Hegde is the alumni student from Vivero, wakad. He is 7-year-old and studying in 3rd grade at Elpro International School. He has achieved great heights in the field physical education. He has been training himself in Karate since last couple of years and currently holds a 'Green Belt'. His aim is to represent our country in Olympics and win Gold Medal for our nation. He has been participating in various Karate Championship at State and National Level. Now he has been selected for International Level competition to be held at Thailand in September. Apart from Karate he learns Sanskrit, Yoga and likes playing Cricket, Badminton and enjoys Swimming. He is very focused and hardworking. Some of his achievements are listed below:

- Won Gold in Kumite, Gold and Silver in Kata in the Golden Belt Championship event held at Pune in Aug 2023
- Won Gold in Kumite and Silver in Kata in the India Open International Karate Championships held at Delhi in Aug 2023
- Won Silver in Kata and Bronze in Kumite at the Maharashtra State Level Karate Championship held at Pune in May 2023
- Won Bronze in Kata and Kumite at the Maharashtra State Level Karate Championship held at Mumbai in February 2023
- Won Bronze in Kata and Kumite at the National Level Karate Championship held at Pune in 2022
